To Whom It May Concern:

My husband and I hired Ron's Painting in September 2003 to paint the outside of our home. Ron's knowledge of his trade is evident with his recommendations and expertise. Ron and his workers showed up as scheduled, were on time, kept a clean work site and gave daily updates to their progress.

We were so impressed with the quality of the work performed that we hired Ron's Painting a second time, in the spring of 2004, to paint the inside of our home. Ron was very giving of his time listening to how we wanted our home to look and guided us with our color selection.

Our home turned out beautifully. Beyond our expectations! The faux painting he created in two of our rooms is a masterpiece. Ron is truly an artist. Doug and I would highly recommend Ron's Painting. His clients definitely get their money's worth. We plan to continue using Ron for all our future needs.

Sincerely,
